## "AN ACT CONCERNING PUBLIC HEALTH PREPAREDNESS."

After the last section, add the following and renumber sections and internal references accordingly:

"Sec. 501. (NEW) (Effective October 1, 2005) Any municipal employee who is an active volunteer firefighter or member of a volunteer ambulance service or company (1) may be permitted to leave work in order to respond to fire calls or ambulance calls during such employee's regular hours of employment without prejudice to opportunity for promotion or continued employment, or (2) shall be permitted to respond to such calls prior to reporting for work without prejudice to opportunity for promotion or continued employment, provided in either case, (A) if requested by the municipality, such employee submits a written statement from the chief of the volunteer fire department or the medical director or chief administrator of the volunteer ambulance service or company verifying that such employee responded to a fire or ambulance call and specifying the date, time and duration of such response, and (B) such employee's leave from work

sSB 1208 Amendment

17 does not result in the employing municipality's failure to meet

- 18 minimum required staffing levels. For purposes of this section,
- 19 "municipality" has the same meaning as in section 7-425 of the general
- 20 statutes, and "municipal employee" means any officer or employee of a
- 21 municipality."
